:- Successful Pioneers of the District :-

MR. AND MRS. ARCHIBALD McLEAN

Among the most respected of the early pioneers of the Strathmore district are Mr. and Mrs. Archibald McLean, whose pleasant home is on the banks of the Strathmore Creek, a mile east of Nightingale, and eleven miles north-east of Strathmore.

When they came here in 1900 the settlers were far and few between. The land was open for homesteading, but only a few hardy souls located here, and those expected to make their living from ranching rather than cultivation of the soil. While close to the main line of the C.P.R., incoming settlers passed the district up on account of its supposed aridity, and went further north and west.

The McLeans themselves did not come to Alberta for the purpose of raising grain. Mr. McLean had been a sheepman all his life and that was the primary occupation of the family when they first settled on the banks of the Strathmore.

Thirty-Two Years in Falklands
Mr. and Mrs. McLean are both natives of Scotland. Mr. McLean having been born there in 1852. In Fifteen and Mrs. McLean some years later. Within a couple of years after their marriage, in 1876, they left Scotland for the Falkland Islands, at the south end of South America, and the most southerly British possession in the world. The Falkland Islands became famous during the great war as the place where a British squadron, under Admiral Sturdee, completely annihilated the German ships under Admiral Von Spee, which had been raiding the Pacific.

The population of the Falkland Islands is only two thousand people, with upwards of a million sheep, and there they stayed for thirty-two years. In 1900 they returned to Scotland, but only stayed at their old home for a month, and then sailed for Western Canada, settling in a country which was then as lonely as its former home in the Falklands.

But Mr. McLean had good reports of the country from his brother, Pete, who had located in the district, which is now tributary to Bassano, five years earlier.

Cheside Nearest Point

When they arrived here Strathmore was but in existence. Cheside was the nearest point where groceries could be purchased, while for registered mail they had either to go to Glenora or Calgary.

Mr. McLean remembers plowing the fireguard where Strathmore now is, and witnessed what might be termed the beginning of the present town, when the section house was moved on flat cars from a location near Eagle Lake to where it now stands.

Fortune did not smile for the first year or two on the sheep venture, many sheep being killed by spear grass, and unfavourable conditions, but after that the flock grew, the highest number on the farm being 1700. The rapid settlement of the district since 1900 has not left scope for the raising of large numbers of sheep, and the present flock numbers only 250. But with his sons, Mr. McLean went in for horse raising and finally for grain growing. Archie, the oldest, and Pete, having farms adjoining the original ranch.

The lives of Mr. and Mrs. McLean have been blessed, they have brought up five sons and six daughters to manhood and womanhood. Two have since died. There are now twenty-three grandchildren, despite the seeming disinclination of young Archie and Pete to enter the matrimonial adventure.

Growth of the District

The great changes that have taken place in the district since 1900 cannot be better exemplified by the fact that when Mr. McLean arrived there wasn't a fence between his home and Strathmore, and not a neighbour for miles. Now two railways run through

Golf News

A meeting of the executive was held on August 11th, and arrangements were made for getting the course in shape for the Fall Competitions. Every member is requested to get out on one or two nights this week and do a little work on the green allotted to him. Anyone who is not sure of the number of the green that he is to look after can obtain the information by phoning or calling at the office of the Captain or Secretary.

In order that handicaps can be arranged for the Cup Competitions all players must play 27 holes on September 6th and 7th. Any members not turning in cards for 27 holes will have to play from scratch. There will be no deviation from this rule.

In addition to the Cup turned back to the Club by Mr. "Bill" Williams, last year's winner, another Cup has been donated by a Calgary gentleman who wishes to remain anonymous, for competition among the members, and as this cup is well worth winning, all members should try to get in all the practice possible so that they will stand a chance of holding this trophy.

There will be prizes for the lowest gross scores for the 27 holes to be played on Sunday and Monday, September 6th and 7th.

Cards for the 27 holes scheduled for September 6th and 7th can be obtained from P. J. Dunn at any time when partners will be arranged.

If you get out on a day when you are improving the course all will benefit by lower scores, and the cooperation of all members is desired. Let us make the Fall programme a successful one, and see how many of the old records can be broken.

LADIES' GOLF CLUB

The qualifying round for the ladies' handicap cup and consolation medal series will be played at the local links on Friday, September 4th, in the afternoon. In order to make the games of general interest, there will be offered in addition to the cup and medal also mentioned, two handsome prizes: one for the best score turned in by any player in the qualifying round, and one for the best score turned in at the same time by a 1925 beginner.

The draw for fellow players will appear in next week's Standard, and also in the window of the Strathmore Hardware Company. Members please notify the captain if unable to play.

PRINCE MAY COME IN 1926

It is possible that the Prince of Wales will pay another visit to his ranch in Alberta in the fall of 1926, according to a statement made public by his ranch manager, W. I. Carlyle.

Rosebud News

Mrs. Geo. Deane is spending a short time with friends in Edmonton.

Miss G. Kemp is home for a week, and will then resume duties as teacher near sunny Irwin.

Mr. and Mrs. R. Brunner drove in to Calgary Saturday morning, returning Sunday.

Homer Jones and family are enjoying a visit with Mr. Jones' mother, who arrived from the U. S. last Friday.

Miss A. M. Dempsey is in the Rabbit Lake district again, being away during the summer.

The Misses Marjorie, Rose, and Blanche Clark were each in their turn occupying the Johnson dentist chair in Rosebud last Saturday afternoon.

Geo. Fickie and Mrs. Coe and two sons were Rosebud visitors Saturday.

The Summers have returned from a little sojourn spent in Banff, and are driving another car, which looks like bright and sparkling.

Miss Rose Clark will be the school na'am in Beynon this winter.

Mrs. Tomlinson is the proud mother of a little son, born August 15th, in the Rosebud hospital. Mother and baby are both doing well.

Mrs. Henry Rogers has her little son, Willard in the Rosebud hospital to have his tonsils removed.

Wedding bells have sounded once again in our district, when Mr. Thomas Burdness and Miss Mabel Vigar were united in marriage in Rosebud on August 13th, returning very quietly to the home of the bride, where the popular dryman resumed his duties during the next two days, and then on Sunday morning they took a little honeymoon trip to Calgary, returning Monday evening. The news had reached the town by that time, and they were greeted at the train with rice, and a nice ride home in Mr. Good's car. Some people thinking it could not be heard in the distance, attached as a trailer all the hardware found in the back alleys, and then the balance of the noise sounded in the yard after they reached their home. Each of the young people are liked, and well respected by the community, the bride having been raised here. All join in wishing Mr. and Mrs. Burdness a long and happy life.

C/o Langlet left last Thursday for his school, which is sixty miles from Edmonton.

Dale Bruner and Wilfred Hyman are expecting to attend Mount Royal School in Calgary this coming term.

What women abroad are wearing this season in the way of charming millinery is shown on the models in the above picture. Both of these Reville creations are much in vogue and very popular.

The attractive hat shown at the left is a velvet creation of charming lines. That at the right is a simple yet rather marvellous, black Milan straw with a feathered "cocoon" decoration.

Mr. and Mrs. A. Van Der Weiden, who have been resident in Calgary for the past year, are now back on their trip.

Miss M. Strong will be on the staff of Strathmore school at the opening next month. Miss Strong was last term teaching at the Illinois School, on the Kananishta County, north of Rocky Mountain. She is a sister of Mrs. C. H. Wainwright, Rocky Mountain.

Last Friday afternoon a very enjoyable time was spent at the home of Mrs. S. Moore, when the "Wake-up" C.A.L.T. group held a farewell party for Miss M. Strong, who is leaving the group. Alberta has been a very active worker in everything the group has attempted to do, and therefore she will be greatly missed.

Mr. J. E. Proctor, District Passenger Agent C.P.R., Calgary, was a visitor here on Thursday.

Mrs. R. W. Jenkins and daughter, Alberta have left for Vancouver, where they intend to take up residence.

Mr. and Mrs. Kennedy have now located in Strathmore. Mr. Kennedy is the new agent for the Duff Elevator Company.

A daughter was born to Mr. and Mrs. C. A. Boon on August 15th.

Elphie, the elder son of Postmaster Martin, left on Sunday last for Fredericton, N.B., where he will attend High School before entering the University of New Brunswick.

Mrs. F. J. Dunn returned Saturday from a visit to Edmonton. She had the honor of being introduced to Governor-General Lord Bessie Stettin.

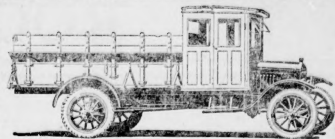

Mrs. Walters, of Calgary, is at present visiting with Mr. and Mrs. Norman Scheer.

A successful and enjoyable meeting of Nanaka Ladies Aid was held at the home of Mrs. Nola White, in Strathmore recently. The next meeting will be held at the home of Mrs. Jack McLean on September 3rd.

Mr. and Mrs. Nock, of Medicine Hat, are at present visiting with their daughter, Mrs. H. Williams.

Mr. R. A. Anderson and son Fred now located at Petrolia, arrived in Strathmore Tuesday on a visit to several weeks duration.

Mr. and Mrs. Joe Whyte, at one time of Strathmore, and now of Coeur d'Alene, Idaho, are on a visit to the Province, and had an enjoyable holiday at Banff.

THE FORD TRUCK is in a class by itself for the simple reason that it costs less to buy, less to run and maintain, and is absolutely dependable. "I Dreamt That I Dwelt in Marble Halls"

(1) The Chateau Lake Louise. (2) The Patio and Big Terrace. (3) A section of the Dining-room. (4) The Larder leading to the Dining-room.

This new nine-story hotel, occupying the ground space of an entire city block, was taken over from the contractors two weeks before its opening on June 1, by the Canadian Pacific Railway. It is the new Chateau Lake Louise, built last winter at a cost of two million dollars on the banks of the famous Lake Louise, 6,500 feet up in the Canadian Rockies.

To equip this new hotel and stock it with food for guest occupancy on June 1, 800 beds, 200 bureaus, 780 chairs, 390 pieces of upholstery, 390 desks for rooms, with sheets and pillow cases, box bed springs and other equipment to match, had to be transported three and a half miles up a narrow-gauge mountain railway. The perishable food, which had to be stockied in the hotel day before opening, included 11,000 pounds of turkey, 8,000 pounds of roasting fowl, 18 whole lamb, 12 whole hogs, 1,000 pounds of new cabbage, 40 cases of grape fruit, and 20 cases of fresh spinach. Approximately 7,000 eggs had to be rushed from the Canadian Pacific supply farms at Strathmore, Alberta, and placed in refrigerators.

Of the other foodstuffs, five tons of potatoes, 200 sacks of flour, 20 tons of sugar, 3,000 pounds of butter, one ton of tea and a thousand pounds of fresh coffee had to be placed in the larders.

All told, a special train of eight cars, carrying 350 tons of foodstuffs, was required to open this remarkable edifice. And all of this had to be rushed in at the last moment, for at the opening banquet the new dining rooms were almost full.

A staff of 425 men and women, including three managers, had to be on hand a week before its opening. These employees have a building to themselves equipped with rooms with bath, hot and cold running water, a rotunda and a ballroom.

The new Chateau Lake Louise has 400 rooms with bath, all outside rooms, 210 of them with southern exposure facing the famous lake. There are telegraph and cable offices in the rotunda, and each bed-room contains a piano which can be connected with long distance.

A resident doctor and trained nurse will have offices in the building to look after the health of its guests, and a guest-diner room has been built for the maids, nurses and younger children of the guests.

Chateau Lake Louise is now said to be the largest and most modern equipped chateau in the world.

The Board of Trade will hold a meeting on Thursday, August 27th. All members are requested to be present. Applications will be received for new members. Everybody welcome.

School opens September 1st in Rockyford and surrounding school districts.

How about a curling rink for Rockyford this winter? The feel of the weather these nights reminds us that winter is coming, and we must have something to keep us busy during the long winter evenings; so how about throwing a few rocks around for exercise? And it's great sport too, say any Scotchman. So let's get busy, gang, and get an organization underway.

Mr. E. L. Frayne received word that his father died in Los Angeles, California Sunday. The sympathy of the community is extended to Mr. Frayne.

Miss Pauline Griffiths has returned to Rockyford from Drumheller, where she was acting as relief operator.

Harvest is fairly well advanced in Rockyford district in spite of the inclement weather. Cutting is nearly completed, and a few days will see threshing in full swing.

Now is the time to get that Victrola. Winter will soon be here, and the long evenings are made shorter by listening to one of our Victrolas. Call at the Rockyford Drug and Confectionery Co. and see them.

Mr. C. S. B. Lait, of Standard, will conduct the Union Church services at Crowfoot, Tudor, and Rockyford, on August 30th.

The golfers are getting under way again for the fall season. Rockyford Golf Club will hold a tournament early in September, for the cup presented by the Rockyford Drug and Confectionery Co., and all handicaps are to be in by September 1st.

Rockyford Board of Trade are to enlarge their membership and take in farmers and others interested in the welfare of the district, which is a very good plan.

Rockyford golfers beat Drumheller in both singles and four ball four comes at Rockyford on the 16th inst. winning the singles 10-2 1-4, and the foursome 4-1.

Students' Recital

On Sunday

One of the outstanding musical events of Rockyford is going to take place on Sunday afternoon, August 29, at the Town Hall, commencing at 3 p.m. sharp, when the pupils of piano under the instruction of Rev. Fr. H. A. Doltz, will give their fourth annual recital. Rockyford has developed some clever musical talent, and the pupils are going to render a programme that will do credit to a large city.

The various expenses attached to the getting up and putting on a recital of this kind are quite heavy, so a silver offering is asked from all who attend. This will be taken at the door. Following is the programme:

- Singing—"O Canada"
1—"Grandfather's Clock" Maxine MARGARET MONTGOMERY
2—"Merry Bobolink" MARIAN RUPPE
3—"Vesper Bell" Krogman WINNIFRED DYSON

EDUCATIONALISTS VISIT PROVINCE

A party of over fifty British educationalists, touring Canada, under the auspices of the Overseas Educational League, visited Alberta the past week on their way through to the Pacific coast. They spent a day in Calgary and will visit Edmonton on the return east.

ANNOUNCEMENT

The Trustees of Glenman School District No. 2317, at Rockyford, wish to announce that all pupils intending to commence school in the primary grade must do so at the opening of school on the first of September, otherwise they will not be admitted until the beginning of the next term, after January 1st, 1926.

FRED H. HUNTER, Secretary-Treasurer

United Church Notes

Baintree—Mr. Rogers regrets to say that the Wednesday evening service have been withdrawn, at least for the time being, owing to lack of interest. We shall be delighted to start up again so soon as our friends feel they can attend the services. Meanwhile, we cordially invite all to attend public worship either at Tudor Sunday afternoon, or Rockyford at night.

The Ladies' Aid of Rockyford are persistently on their job, and we are glad to say another \$100 has been paid on the Church debt. It would not surprise us to see \$1,000 sliced off this year. Their subscription book is always open.

It gives us great delight to think our services at Tudor will soon be regular.

ried on under more comfortable conditions. The ladies will no longer dust the seats with their clean dresses, for windows and doors will be in the new hall. Neither will the men sit as though they have fungus, for comfortable seats are to be provided. We note the work is already begun. Church lots are located between the Tudor store and the Tudor Hall. Would it not be a fine thing to see a suitable building between our business and our pleasures symbolizing the deeper needs and thoughts of life.

Mr. Rogers is attending a Spiritual Conference in Calgary this week.

Our first Board-Meeting will be held in Tudor on September 7th (Monday) at 8 o'clock. This is the meeting we had to postpone, but which must be held now, prior to the District Presbytery.

EXTENSION LIBRARY
AT OLDS SCHOOL

A healthy sign of the increased in
terest in things both scientific and
cultural is manifested in the marked
vigour shown by the students and ex
tended in organizing and supporting
the new Students' Library at the Olds
School of Agriculture.
This library is auxiliary to and
separate from the existing scientific
and reference library at the school.
It contains at present some 600 vol
umes comprised of the best in fiction
history, science, athletics, economics,
philosophy and humor.

LOCAL NOTINGS

Mr. F. W. Erickson, of Woodhull,
Illinois, is staying on his farm,
operated by Mr. Tornginson, south of
Cheside, till after threshing. He is
well pleased with the crops in this
part of the country. Crops in Illinois
are good this year, he says.

Mr. Harry M. Thorburn, who is ap
plying for the license for the Strath
more Hotel, was in town last Friday.
Along with his brother, W. J. Thor
burn, W. Duxton, manager of the
Hotel Victoria, and Arnold Warr, the
rueby star. Mr. Thorburn contem
plates extensive structural improve
ments to the hotel when he takes over,
which will be shortly.

In an item published last week, we
made mention of oil experts and other
sue-thing experts being abroad in the
land. In composing this item there
was no idea of reference to oil com
panies which are actively drilling, and
where the investment of the public is
adequately guarded. It is good un
doubtedly to make a moderate invest
ment in any company which is really doing
something to develop the natural re
sources of the Province. Although
none of these companies can depend
on striking oil, yet "never venture
never win" and if you do win a good
return is assured you, and the com
munity as a whole will benefit.

The parties we had reference to are those
who make a business of promoting
oil stock without undertaking drilling,
and depart with the proceeds. One
good oil company, the British Dom
inion Oil and Development Corporation,
represented locally by Mr. Fred J.
Dunn, who has inspected the field per
sonally before taking over the agency.
The directorate are all located in Cal
gary and well-known people of the
city.

Messrs D. Moore and S. W. Laurie
have taken over the repair department
of Messrs White and Sons Garage, as
will be seen from advertisement in
our columns.

School Column

A number of the schools in the district opened on Monday, August 17. Remember the School Fair on September 15. Somebody is going to win a good share of that \$500 in prizes, and you have only to win against pupils of your own grade and age.

Strathmore Schools re-open on Monday, September 1. We are pleased to note the interest that the school board is taking in improving the school environment. One school has been painted during the holidays, and two acres have been added to the school grounds.

Do not forget the importance of the first month at school. It is practically impossible for a pupil to make good during the year the loss of the first few weeks. New subjects and new courses are being begun, and the very first day of school is as important as any. It is, perhaps, wrong that the month of harvest in Alberta should be a school month, but since it is remember that no harvest wages can make up for loss of school time. On a conservative estimate a public school day is worth ten dollars to the pupil and a high school day fifteen dollars in actual increase of earning power.

Mr. Crowther and grade VIII are to be congratulated on the fine showing at the examinations. All the candidates who had been at all regular in attendance passed the departmental examination.

The following is the record of passes and failures in the two senior High School grades at Strathmore this year:

Baintree

During the past three weeks nothing of a startling nature has occurred in our peaceful district.

Cutting is rapidly nearing completion, and if the weather continues its good behavior, the hum of the threshing machines will be heard on many farms at an early date. Whether the many fine looking yields of grain will pan out to the owner's expectations or not, must remain a secret until then. Here's wishing you all the best of luck, anyway.

Although the item may appear a little odd, it might be well to mention the fact that the U.F.W.A. has been reorganized for further business. Miss Gladys Lamborne is the new secretary, and until a permanent president is elected all the members will be expected to preside over the meetings in their turn.

Miss T. Glendinning, of Strathmore, is the guest of Mr. and Mrs. Harry Porteous. Her brother Tom, is spending a portion of his vacation with his old school chum, Dave Longbottom, and when the weather is suitable his sojourn of grace come from the old estimating hole, which, unlike "Cool Silome's Shady Stream" is charmed to mud by the limbs of Tom and his youthful companions. "Aint it a grand and glorious feeling?"

Yes sir, to be a boy is to be in possession of that elusive thing which money cannot buy—happiness.

Mrs. V. C. Chapman, with Bernadine and Hubert, have motored to Calgary, where they will reside until next spring. Mrs. Chapman has always been an earnest and faithful worker for the welfare of the community, and her departure, although a temporary nature, is a matter of regret to all.

Miss Mae Longbottom has returned from the Pacific coast, where she spent a most enjoyable holiday.

Billy Bell is the owner of a new threshing outfit. If he wants a guy

to pay the help, we like to make application for the job. The feel of a bunch of green-backs would do a great deal to restore our faith in the world.

A stranger who was ditched the other day near the school house, made the following remark after his "bus" had been turned right end up: "It's a good road that don't need finish, mister, but maybe this ain't a road at all." How's that for truth and wisdom, guys?

The latest attempt to rag the old goat and annoy the pet bull was pulled off by some other than our distinguished friend, the sub-editor of the Standard. Ted, however, was a little too late in the game for both the goat and the bull have been on the "muzzling list" for some time. And while we are not making any disagreeable suggestions, it is quite possible that another scribe stabbed the former and shot the latter, while under the impression that the two were cubs of the bear that locked radiators with his "Lizzie" on the Windermere trail.

Now gentlemen, in the interests of peace and harmony, let us relate this little tale which we heard from the lips of a well-known divine some time ago: A guy rejoicing in the common but exceedingly popular name of "Bill", attended a lecture for men on the "Power of Love". In his closing words the speaker urged his audience to go to their respective homes and show their affection for their wives as they had done in the old sweetheart days.

On arriving in the dining room of his "own castle", Bill embraced his wife and bestowed upon her a number of kisses. To poor Bill's dismay she burst into a flood of tears and exclaimed: "This has been the most wretched day in my life. After breakfast the maid broke a new tea cup; just before dinner Katie fell down the stairs and hurt her leg, and now you have come home drunk!"

The little hand of Big Ben now clearly indicates that tomorrow has come. So long men, and say he with you.

Carseland

This week will see about all the cutting completed in this district except the halled parts, and some threshing rigs will be busy.

Fred Dalton and family returned last week from their trip east, reporting a dandy trip and looking fine.

Sam Nelson and family got back in time for harvest. They say their trip was fine, but the coming home to a halled crop was not so good.

Ben Cool stayed a long time in the golf tournament. Some years ago Ben was holder of our Alberta championship, and he came very nearly getting another. We should be justly proud.

Carseland school will start the school year on Tuesday, September 2nd, with Chas. E. Douglas at the head, and Miss Potter and Miss Kim in charge of the other rooms. The board, in following out the recommendations of the inspector, Mr. Buchanan, has moved the eighth grade into the high school room. Beginning the first day of school and attending regular, and pursuing the studies from day to day, will go a long way in making a year that was made last year.

Wilbur Phillips and wife returned from the coast last week. Wilbur left here with the intentions of breaking into professional baseball. We do not know how successful he was.

Wendell is also back from the south, where he has been during the past few months. They all arrived at a very opportune time for the rush

work at this season of the year.

Mrs. Norman Mutch and Miss Alma Mutch left last week for a visit to the coast.

Bert Duffer is reported to be under the weather. Doctor Silome was on one day last week. At date of writing, Bert is much improved, and hopes to be out in a few days.

The ball game to have been played last Sunday between K-oona and local team, was called off on account of bad roads in the Kooma district. We hope to see this game played later on.

The U.F.W.A. will hold the regular meeting at the home of Mrs. H. R. Rasmussen this Thursday.

Slats' Diary

Friday—Judge timer was talking to me today about what a man should do to do that. It is if he has got any property with him happens to be left. If he should happen to kick off real sudden sum time like when he was a playing golf or sun thing. He told me that every 1 slug had any thing should count to make a Will. Pa told him that was out of the question for him to make a Will. Judge says why can't you make a Will same as any 1 else and paid. Well about as far as I could go with the wife I got at present wood be to make a Will instead of a Will.

Saturday—1 girl was telling Ann Emmy about a strain couple here in town which all ways kiss each other good time before they leave home to play bridge together. & they do this so they can say good night while they are still on speaking terms it seems.

Sunday—Talk about getting things done. Ann Emmy does. Today she said who was this setting very the hears so much of I sed why can't you see her. Then she wondered if it might not be the granddaddy of setting that which was the name of a popular Indian of old times.

Monday—I got sore at one tonight I went to apary over the river and after I had went and washed both my arms clean up to the elbows man went and made me wear a shirt with long sleeves. No wonder pa says women is selfish.

Tuesday—I was down at the moon-paper office today and they was a paper salesman there and he told me what was the most Popular Golf Club around here and pa answered and replied that it was the Nilbick.

Wednesday—Ma told Ann Emmy we was a permanent Crimp. She sed why how did you get a permanent Crimp and pa sed Well just take a look at my pecker book. That was pa's little joke for the day.

Thursday—As pa and me just Joe his tonlie pa sed Joe do you think it will rain this evening and Joe sed he hope not because we wanted to get out and spinkled his founs.
